

CABINET MEETING COMMUNIQUE
MEETING OF FEBRUARY 06, 2006

Present: Crew, Dilworth, Hanson, Jones, Moulton, Pierce, Webb

- Dr. Webb shared and discussed information pertinent to the following recent meetings: (1) Board of Regents; (2) Board of Supervisors; (3) Board of Regents Enrollment Recovery Workshop.
- The Cabinet reviewed matters pertinent to the current budget. It is important that the Strategic Planning and Budgeting Council meet soon to make recommendations to the Cabinet relative to the budget for next fiscal year, as well as the remainder of this fiscal year should there be any funds available to support identified institutional priorities.
- Mr. Dilworth pointed out that the University has a responsibility under state law to provide each employee a copy of the form to be completed in connection with workman's compensation. Whether an employee completes the form or not is his/her own business, but failure to do so may affect workman compensation levels.
- The Cabinet agreed to meet Monday, February 13, at 9:30 a.m. and to tentatively set this time each Monday for meetings throughout the remainder of the semester.
