

CABINET MEETING COMMUNIQUE
MEETING OF JUNE 12, 2007

Present: Crew, Hanson, Jones, Pierce, Webb

- Mr. Jones reported on the progress of Phase II of the new student housing project. Construction bids will be due late June.
- Dr. Webb pointed out that the Strategic Planning and Budgeting Council will need to meet sometime in July, following the close of the legislative session. At this point, any budgetary decision-making based on possible new funds would be premature.
- Mr. Pierce reported on Northwestern projects included in the Capital Outlay Bill.
- Dr. Webb informed the group as to agenda items he has proposed for the June meeting of the Board of Supervisors. The meeting will be held Friday, June 29. The previous day, the Board of Regents will hold group meetings on matters pertinent to revision of the *Master Plan*.
